SEDC ENERGY (SEDCE) AND SARAWAK FIRE AND RESCUE DEPARTMENT DISTRIBUTES 'BUBUR PEDAS' TO RELIVE SARAWAK RAMADHAN SPIRIT

April 2, 2024

KUCHING: SEDC Energy (SEDCE) and the Sarawak Fire and Rescue Department (Bomba) distributed 600 servings of Bubur Pedas, to the nearby community at the PETROS Multifuel Station (MFS) Darul Hana today.

This collaborative initiative, undertaken in the spirit of Ramadan, aimed to foster cooperation and strengthen bonds within the community throughout the holy month as the event also brought SEDCE and Bomba together in preparing the traditional Ramadhan appetiser in Sarawak. Among the community representatives present include from Kampung Darul Hana Block A, Kampung Bintawa Tengah, Kampung Bintawa Hulu and Kampung Bintawa Hilir.

“We want to make PETROS MFS Station a community station where it can be the hub to bring nearby communities together in events like this. Being a Sarawak’s very own brand we want the community to be proud of our presence,” said the statement.

"We hope that the collaboration between SEDCE and Bomba will make the positive impact within the community. Through initiatives like the Ramadan Bubur Pedas distribution, both organisations remain committed to serving and uplifting the local community, especially during this auspicious month of Ramadan," the statement added.

Present at event were Sarawak Bomba Director Datu Khirudin bin Drahman and SEDCE Chief Operation Officer (COO) Foo Kim Leong.

About SEDCE

SEDC Energy Shd Bhd is a wholly owned subsidiary of Sarawak Economic Development Corporation established in 2019. Energy is responsible to driving Sarawak’s new energy agenda, hydrogen development along with its downstream petroleum retail business.

PETROS Multifuel Station is wholly operated by SEDC Energy.
